

class cleaning guidelines

Having clean equipment and toys is essential to how we run as a business and a reputation and as such it is important that everything is kept clean to the highest standard, we never want any of our customers to experience any sticky or dirty toys or equipment, we have very high standards of cleanliness which our customers consistently comment on.

Cleaning guidelines

- Plastic/wooden toys are wiped down for each class - Milton wipes
- Mats are cleaned for each venue, inspected for each class - detol wipes
- fabrics are washed as required, please inspect after each class for body fluids, replace blankets that are marked or stained immediately. Use huggies wipes for small stains
- chiffons are washed after each use
- each class kit is received clean and must be returned clean and ready for use
